BOOKS RECEIVED.

Thomas Mason, Adventurer, by HENRY PLEASANTS, JR. John C. Winston Co., Philadelphia. [1934.] \$2.50.

This book is one of those recommended by the "Book of the Month Club." It appears to be fact dressed as fiction, an unfortunate combination for the biography of a real personage in the Revolutionary struggle. An appendix gives sources on which the story is based.

The Turning Wheel, the Story of General Motors through Twenty-five Years. Doubleday, Doran & Co., 1934.

The subtitle of this volume indicates its purpose, for while it contains much valuable material concerning the development of the motor car, its main purpose is that of an advertising medium, and the main sketches are devoted to the products of the corporation in question, in spite of which it is an interesting and useful work.

John O'Donnell of Baltimore, his Forbears and Descendants.

Collated and compiled by E. THORNTON COOK. London, 1934.

A handsomely printed genealogy of the old Baltimore family, which could have been carried much further. A valuable addition to the genealogical section of the Library.
